IRWIN LAW

VINCENT - AI POWERED LEGAL RESEARCH

Vincent is a virtual legal assistant who, through artificial intelligence and machine learning technologies (Iceberg AI), **finds legal citations, cited documents and the most relevant legal concepts in any legal document** from 10 jurisdictions including Canada. **Vincent generates a list of documents for you to review, including legislation, case law, books, journal articles and model contracts** in vLex.

IRWIN LAW ON VLEX

Irwin Law's unique collection of books will now sit alongside vLex's collection Canadian law dating back to 1876, and a comprehensive collection of international materials called **Canadian Core Content.** This includes over 370,000 full-text Canadian cases, Martime Law Book resources, as well as legislation, books, journals, draft bills, news and legal commentary. **VLEX allows you to link from the Book directly to the CASE with Canadian Core Content.**
